

Dear Parents: Children are sparring in preparation for the upcoming friendly tournament. **Tournament participation is one of the requirements for students wishing to advance in rank at the end of the semester.** Don't worry white belts - you will be ready. It is a "winners tournament" so all contestants will earn an award which improves confidence and self-esteem. Children are paired with a student with same belt rank, size, and gender. They spar once for first and second place awards. The tournament will last about 30 minutes after we've bowed in. Simply register in class.
